Design, Style, Innovation
for the wow effect of your salon

THE NEW TRENDS THAT MAKE YOUR SALON ELEGANT

A first color combination of the comfort zone can be composed of neutral but warm, welcoming and relaxing colors: beige, grey, taupe, mocha, camel, cream and ivory. There are soft and subtle shades that create a mood of tranquility and relaxation.

If the furniture is made of wood, tactile sensations alternate between the soft of the fabric and the rough of the wood. Combining rich and warm colors such as coral and rust, with blue and hints of pink in delicate tones, helps to regain optimism and boldness. A glamorous and balanced palette that exploits contrasts, without being too bright.
